

India Data Portal 2.0 User Guide

Explore the State-of-the-Art Engine

ISB's India Data Portal initiative has become the country's first-ever data destination dedicated to public service, providing LGD-mapped, geo-coded time series data. It holds higher spatial granular data beyond the village level, sourced from the Government of India and its ministries, departments, and regulatory bodies. There are over 5000 indicators categorized under 25 diverse domains, including - economy, socio-economic, finance, financial inclusion, elections, climate and weather, commerce, crime, education, food and agriculture, forestry and wildlife, government schemes, health, nutrition, rural development, union budget, and various other.

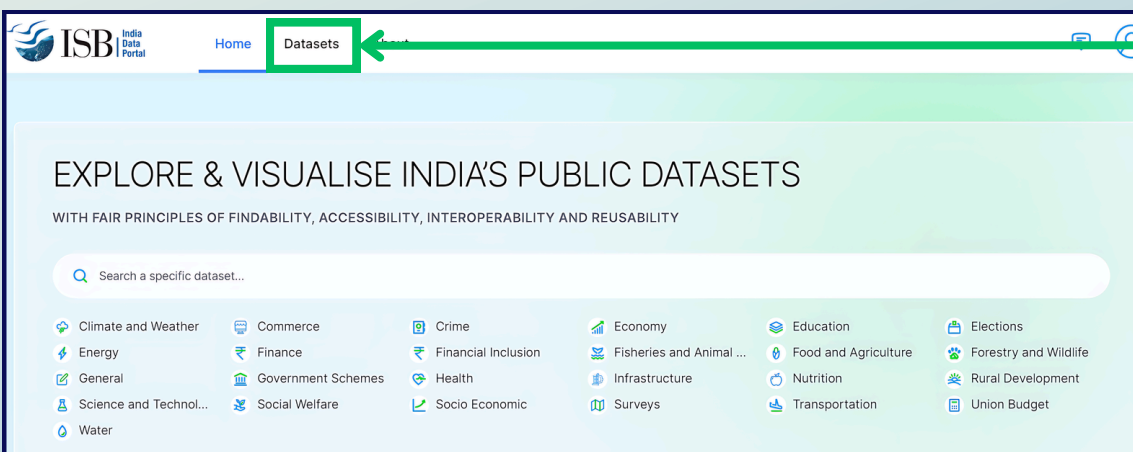

How to Sign-Up

Step 1: Please Google **India Data Portal** or click on the link- "<https://indiadataportal.com>"

Step 2: After landing on IDP engine, please click on "**Sign-Up**"

Step 3: For quicker Signup, please use '**Sign Up with Google.**' Alternatively, please create an account with user details.

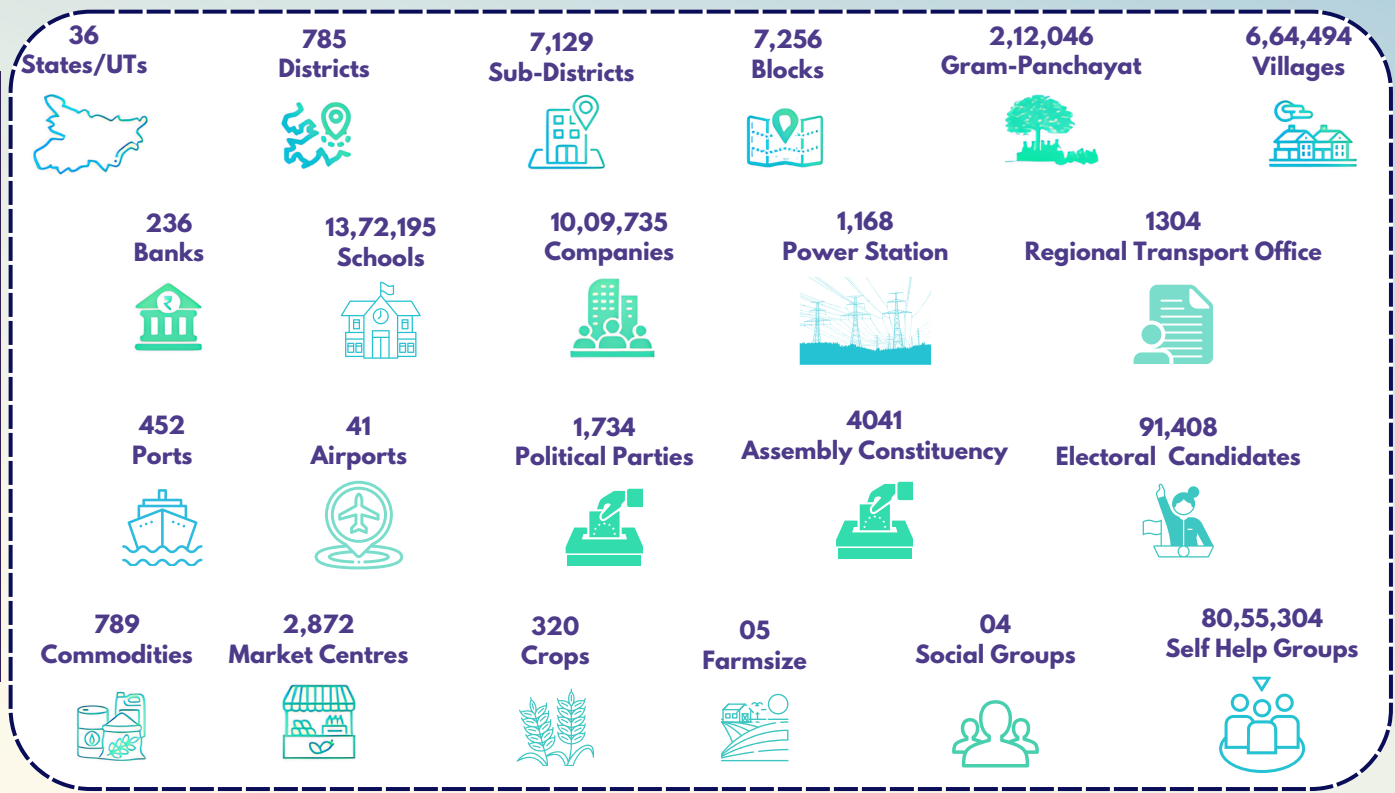

Once you have logged in, please look for datasets from 25 diverse sectors using the '**Dataset Navigation Bar**' on top and/or the '**Search Bar**'

Please tap on the above icon to watch video tutorial on all the basic chart types

Please choose from **bar , line , area , scatter plots, tick , pie, circle , rectangle, map and table charts** - a selection that best suits your data analysis.

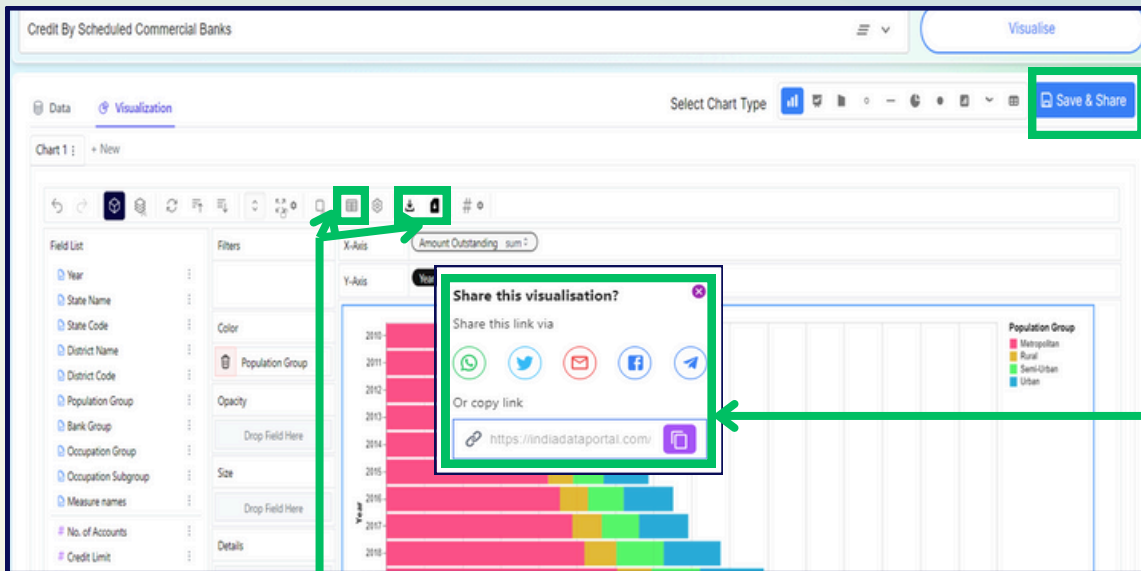

Please 'click on' the visualisations to explore

Please **login** before exploring the following graphs to customise indicator selections, change graph type, detailed descriptions and much more.

Saving Your Visualisations

Step 1: To save your own graph, please click on 'Save & Share'

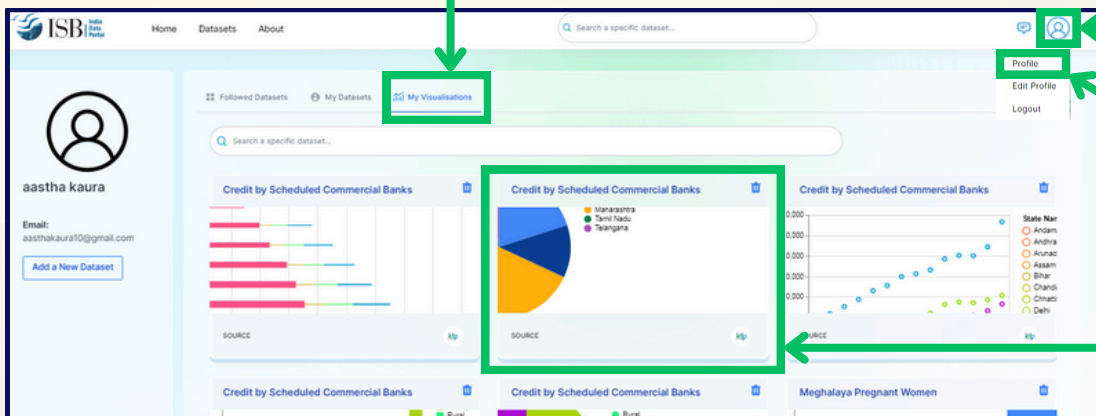

Step 2: Please copy the link to keep it for future reference or sharing.

Optional : The visualisation can also be shared on any social media platform.

Additionally, please click on the highlighted icons, if you want to save/download the graphs in the form of table(.csv), .png or .svg format

Viewing Your Own Saved Visualisations

Step 3: Please Click on the "My Visualisations"

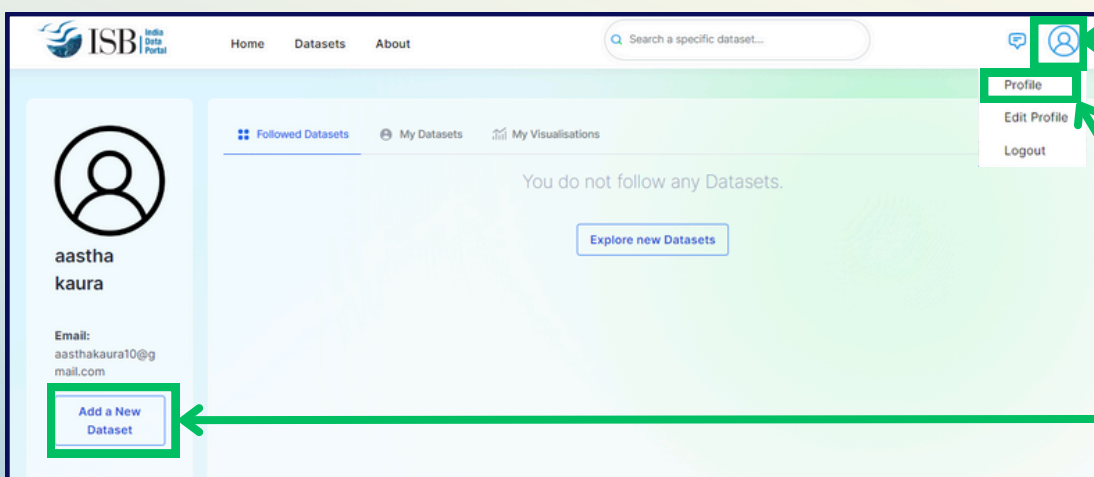

Step 1: To view the saved visualisation, please click on the profile icon

Step 2: In drop down menu, please click on the 'Profile'

Step 4: You'll be directed to your own saved visualisation repository.

How To Upload Your Own Dataset (Private to User)

Step1: To upload your own dataset, please click on the "Profile" icon

Step 2: Please click on the 'Profile'

Step 3: Please click on 'Add a New Dataset'

Create Dataset
